Welcome to the 2022 Colorado Garden & Home Show

Show Gives Back 100% of Proceeds to Colorado Horticulture Community. "YMCA of Metro Denver" Entry Garden

Considered one of the premier shows of its kind, **Bellco presents the 63rd Colorado Garden & Home Show**. This is the largest, oldest, and most prestigious consumer garden and home improvement show west of the Mississippi. It is the only consumer show produced by a 501(c)(3) nonprofit organization that contributes 100% of the proceeds from every ticket sold at the show to provide horticultural-related grants and scholarships to organizations and students across Colorado.

The Colorado Garden Foundation transforms **400,000 square feet of Colorado Convention Center** into a virtual marketplace of garden and home improvement products.

This year, the Colorado Garden Foundation will recognize its 63-year legacy with a grant ceremony, awarding more than \$550,000 in grants for horticultural projects across the state, bringing the total contribution to date of scholarships and grants over the years to more than \$11 million.

Inspiring Gardens

As in past years, the Colorado Garden and Home Show will showcase **8 inspiring landscaped gardens**, with this year's Entry Garden featuring the YMCA of Metro Denver. The garden will showcase both YMCA history and new programs. Participants also can share their own personal "Y Story".

A Marketplace of Ideas

Visit the theater at the end of the 1200 aisle where there will be **40 educational seminars** on a variety of topics, all covered with the cost of admission. Be sure to check out the beautiful gardens and get ideas, inspiration, and advice from more than 500 companies from 25 states that introduce new technologies in landscaping, gardening, energy-efficient heating and cooling products, windows and window treatments, siding, flooring, lighting, indoor and outdoor fireplaces, patio furniture, roofing, gutters, storage systems, decks, spas and more!

What Else to Look For

Master Gardeners from Colorado State University's Cooperative Extension Service **will answer** gardening and horticulture-related questions for free. Look for them in their bright green aprons in the CSU Education Garden.

Buy perennials for \$2 per pot. On Wednesday, February 16th, starting at noon, fading show flowers will be on sale to the public for \$2 per pot with the proceeds going to the Arvada Rotary. Most of the potted flowers are perennials and are a great deal for those looking to add to their gardens, or to bring some fresh color into their homes.

Show Hours and Pricing:

Saturdays, Feb. 12 & Feb. 19 10 a.m. - 7 p.m. \$12 adults / \$10 seniors;

Sundays, Feb. 13 & Feb. 20 10 a.m. - 5 p.m. \$12 adults / \$10 seniors;

Monday - Friday, Feb. 14 - Feb. 18 Noon - 7 p.m. 2 FOR 1 Admission Children 12 and under are always free. Advance discount tickets are on sale at www.AXS.com

How to Get There

Parking is available at the Empower Field at Mile High Stadium Lot C (Go West on Colfax from I-25, then North on Federal Blvd) for \$5 cash per vehicle and there is a free shuttle to the Convention Center. The RTD Light Rail also has a convenient station located at the Convention Center.

7 Tips for Getting the Most Out of the Colorado Garden & Home Show

1. Review the Program Guide

Use this Official Show program listing all exhibitors and product categories to find the companies and products you are seeking.

2. Attend an Education Seminar

An important part of the Colorado Garden & Home Show is the ability to find people who know how to build, remodel, design, and landscape to provide the products and services you need. Another way is to attend an education seminar. Seminars are held in Theater at the end of the 1200 aisle and are included in the price of admission.

3. Don't Just Browse – Talk to Our Exhibitors

If you are interested in a product or service, leave your name, email, and phone number, and ask the vendor to follow up with you after the show.

4. Carve Out Time to See it All

More than 500 companies exhibit in 400,000 square feet showcasing thousands of products and services. Plus, there are eight gardens to stroll through.

5. Slow Down and Smell the Flowers

There are more than 8,000 blooming flowers comprised of 75 varieties of annuals, perennials and bulbs, and hundreds of

flowering trees and shrubs. Don't miss the Education Garden where you can get all your questions answered by CSU Master Gardeners. Take time and enjoy this little bit of spring in the middle of winter.

6. Pick a Meeting Place

In case you get separated from your party, we suggest meeting at the Lost Person area near the Information Center inside the show entrance.

7. Be Ready to Shop

There are many items you can purchase right at the show. In addition, exhibitors may offer special show pricing so be prepared to purchase while attending the show. If you don't have cash on hand, an ATM is available inside the Convention Center.

A Peek into Design Trends For 2022

Article by Trish Bonney, TAB Interior Designs

Guess what, we are finally ready to reclaim 'covid' spaces back, we are ready to bring in warmth inspired by nature, and we are definitely ready to be more confident and conscious in our design decisions in 2022! Our confidence is filled with hope, happiness, and positivity for the future. As you can see in the photos above, various shades of green are being appreciated in the design world and as trained designers we should be ahead and anticipating the trends. The power of nature offers an uplifting quality as we utilize greens to assist in bringing the outdoors in. An obvious way to do this is to include live plants in your home, but green furnishings, paint, and tile can do the trick too.

With that said, research shows many of you are looking for new, functional, and unique lighting options. Keep in mind, accent and decorative lighting can add sculptural and artistic pops to a space while allowing you to really show off your personal aesthetics.

When I talked about 'covid' spaces...I was referring to the fact that many areas of our homes started to serve dual duty or were taken over for kid's homework zones, home gyms, and home offices. Unfortunately, for many our bedrooms were one of those spaces and it is now time to take it back and turn it back into that sanctuary at the end of the day. Whether you want to retreat to sexy and moody or warm and welcoming, it is okay to take it back. You can easily do so with calming custom bedding which has had a huge uptick with designers as well as gorgeous and dramatic drapery made to fit your space in fabrics you get to select. The next most popular item is adding an amazing blackout liner to those drapes.

The last sneak peek into 2022 that we will leave you with is this...it is okay to have a colorful kitchen. Typical white is timeless...it always has been and always will be. But here is something to keep in mind, your home is your sanctuary and during the past two years we have come to the realization that it should be a space that makes you happy and makes your heart sing. If you plan to sell, be safe, but if you plan to be in it for 10 years or more, be adventurous, be bold, and be happy!

BIOTEKT, THE FUTURE NOW

BIOTEKT = BIO ARCHITECTURE.

A new way to build, sheltered and protected by the earth and nature. Just imagine spaces as invisible from the outside as a cave, but airy and full of natural light inside. Imagine houses that will pay for themselves over time, reducing heating or cooling bills and maintenance- living surrounded by nature but separated from its unwanted effects like humidity and extremes of temperature and weather by a perfect waterproof barrier. And imagine getting all this at costs equal to or lower than ordinary buildings.

Show Proceeds Awarded in Scholarships and Grants

Colorado Garden Foundation (CGF), a nonprofit that funds horticultural-specific projects and scholarships throughout Colorado, has awarded a **full-ride scholarship to Jazmin Escoto** of Westminster, CO. Jazmin received a full four-

year scholarship to Colorado State University and started her journey at CSU as an incoming freshman last fall.

The CGF scholarship program covers the tuition, room & board, and all supplies for four years to a student attending a public college or university in Colorado. There are currently

four full-ride CGF backed students attending Colorado State University.

Jazmin joins the ranks of 15 other current students and alumni who have benefited from Colorado Garden Foundation's scholarship program since its inception in 2007. Additionally, Colorado Garden Foundation contributes grant funding annually to support various horticultural endeavors across the state, helping fund projects from educational and healing gardens to food banks, parks, and trails. This year, Colorado Garden Foundation celebrates its 63-year anniversary and its legacy of contributing more than \$11 million across the state to date. The 2022 grant and scholarship program will award more than \$700,000.

"I have the greatest job in the world, at least that's the feeling I get when I award grants and scholarships to deserving organizations and individuals, using ticket proceeds from our shows each year," said Jim Fricke, Executive Director for Colorado Garden Foundation. "Awarding a full-ride scholarship to Jazmin was especially rewarding for me and for everyone on our Board this year. We've never met a young person quite like Jazmin. She will succeed and we are proud to give her the financial support to do so."

Colorado residents who are high school seniors and intending to pursue a horticultural

area of study are encouraged to apply for the scholarship program each year, which places an emphasis on need of students applying. Colorado Garden Foundation grants, which are also awarded annually, are considered through an application process as well, and range from \$200 to \$15,000, with funds supporting community gardens, greenhouses, horticulture therapy programs, healing gardens, children's reading gardens, landscape and trail improvements, bird habitats and educational gardens and programs, just to name a few.

Since the 1970s, Colorado Garden Foundation has awarded more than \$11 million to more than 500 organizations in Colorado, using ticket proceeds from the Colorado Garden & Home Show and Colorado Fall Home Show, both taking place annually at the Colorado Convention Center.
