Welcome to the 2024 Colorado Garden & Home Show

Show Gives Back 100% of Proceeds to Colorado Horticulture Community.

Considered one of the premier shows of its kind, **Belco presents the 65th annual Colorado Garden & Home Show**. This is the largest, oldest, and most prestigious consumer garden and home improvement show west of the Mississippi. It is the only consumer show produced by a 501(c)(3) nonprofit organization that contributes 100% of the proceeds from every ticket sold at the show to provide horticultural-related grants and scholarships to organizations and students across Colorado.

Colorado Garden Foundation transforms **400,000 square feet of Colorado Convention Center** into a marketplace of the garden and home improvement products.

This year, the Colorado Garden Foundation will recognize its 65-year legacy with a grant ceremony, awarding more than \$600,000 in grants to horticultural projects across the state, bringing the total contribution to date of scholarships and grants over the years to more than \$13 million.

Inspiring Gardens

As in past years, the Colorado Garden & Home Show will **showcase 8 inspiring landscaped gardens** with thousands of blooming flowers. Find all the latest outdoor living products featured in the Entry Garden, installed by LCM Waterfalls & Ponds.

Don't miss Colorado State University's Education Garden, where **Master Gardeners will answer your gardening and horticulture – related questions**. Look for them in the bright green aprons!

Take Advantage of Show-Only Deals

More than 500 companies from 25 states and Canada to introduce new technologies, trends in landscaping, gardening, home improvement, energy-efficient heating and cooling products, windows, siding, flooring, roofing, gutters, decks and more!

Find all the "hot" products at the show like artificial grasses and smart pet doors as well as shipping container homes, hot tubs including new cold pool plungers, a pickleball court and more!

7 TIPS

for Getting the Most Out of the Colorado Garden & Home Show

1. Review the Program Guide

Use this Official Show program listing all exhibitors and product categories to find the companies and products you are seeking.

2. Attend an Education Seminar

An important part of the Colorado Garden & Home Show is the ability to find people who know how to build, remodel, design, landscape and provide the products and services. Another way is to attend an education seminar. Seminars are held in Theater at the back of 1200 aisle and are included in the price of admission.

3. Don't Just Browse - Talk to Our Exhibitors

If you are interested in a product or service, leave your name, email, and phone number, and ask the vendor to follow up with you after the show.

4. Carve Out Time to See it All

More than 500 companies exhibit in 400,000 square feet showcasing thousands of products and services. Plus, there are eight gardens to stroll through and several other show features to visit: the American Society of Interior Designers, the Colorado Federation of Garden Clubs' Flower Show, the Garden Market, the Kid's Zone and more!

5. Slow Down and Smell the Flowers

There are more than 8,000 blooming flowers comprised of 75 varieties of annuals, perennials and bulbs, and hundreds of flowering trees and shrubs. Don't miss the Education Garden where you can get all your questions answered by CSU Master Gardeners. Take time and enjoy this little bit of spring in the middle of winter.

6. Pick a Meeting Place

In case you get separated from your party, we suggest meeting at the Lost Person area near the Information Center inside the show entrance.

Wheat Ridge High School Agriculture Program, established in 2020, is a unique 2-year plant pathway program. Students take Horticulture their first year and complete the program by taking Landscape Construction and Urban Farming in their second year. When the Landscape Construction class was presented with the opportunity to design this student garden, each student created a design that they drafted to scale. As a class, they chose their favorite design and named it "Colors in Bloom". Show Proceeds Awarded in Scholarships and Grants

Colorado Garden Foundation (CGF), a nonprofit that funds horticultural-specific projects and scholarships throughout Colorado, has awarded two full-ride scholarships to Na'Shya Searcy and Bekah Ramirez of Denver, CO & Westminster, CO. Both ladies received a full four-year scholarship to Colorado State University and started their journeys at CSU as an incoming freshman last fall.

The CGF scholarship program covers the tuition, room & board, fee, and all supplies for four years for a student attending a public college or university in Colorado. There are currently four full-ride CGF backed students attending Colorado State University.

Na'Shya and Bekah will join the ranks of 17 other current students and alumni who have benefitted from Colorado Garden Foundation's scholarship program since its inception in 2007. Additionally, Colorado Garden Foundation contributes grant funding annually to support various horticultural endeavors across the state, helping fund projects from educational and healing gardens to food banks, parks, and trails. **This year, Colorado Garden Foundation celebrates its 65-year anniversary and its legacy of contributing more than \$13 million across the state to date. The 2024 grant and scholarship program will award more than \$800,000.**

"I have the greatest job in the world, at least that's the feeling I get when I award grants and scholarships to deserving organizations and individuals, using ticket proceeds from our shows each year," said Jim Fricke, Executive Director for Colorado Garden Foundation. "Awarding a full-ride scholarship to Na'Shya and Bekah was especially rewarding for me and for everyone on our Board this year. We've never met a young person quite like Na'Shya and Bekah. They will succeed and we are proud to give them the financial support to do so."

Colorado residents who are high school seniors and intend to pursue a horticultural area of study are encouraged to apply for the scholarship program each year, which places an emphasis on need of students applying. Colorado Garden Foundation grants, which are also awarded annually, are considered through an application process as well, and range from \$200 to \$15,000, with funds supporting community gardens, greenhouses, horticulture therapy programs, healing gardens, children's reading gardens, landscape and trail improvements, bird habitats and educational gardens and programs, just to name a few.

Since the 1970s, Colorado Garden Foundation has awarded more than \$13 million to more than 500 organizations in Colorado, using ticket proceeds from the Colorado Garden & Home Show and Colorado Fall Home Show, both taking place annually at the Colorado Convention Center.
